

# FAIRWAY COLOR

**BOOST COLOR WITHOUT EXCESSIVE GROWTH**

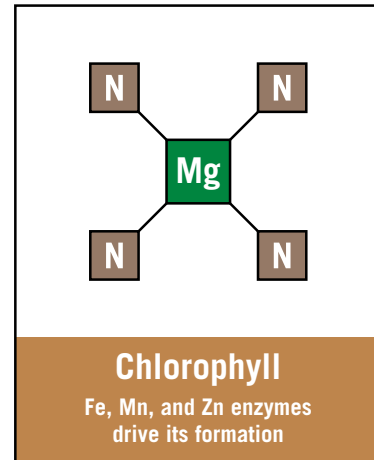

*At various times throughout the season, fairway turf needs a boost in color without excessive growth. Power 23-0-0, Power 24-0-0 and Largo deliver the key elements of color-enriching chlorophyll in a highly efficient and economical spray mix.*

## ■ GROWTH AND COLOR

**Power 23-0-0** and **Power 24-0-0** provide rapid color response from low rate nitrogen, molybdenum, and proprietary Power Play technology for improved nutrient utilization.

## ■ TIGHT TURF AND DENSITY

**Largo** initiates rooting, stress tolerance, turf tightening, and chlorophyll enzyme activators with patented biostimulant technology.

**powerplay**   
*organic acid technology*

*Power 23-0-0 and Power 24-0-0 contain Floratine's proprietary organic acid translocation technology to enhance uptake and utilization of nutrients.*
